To Whom It May Concern:

The horse Tivios Hollywd Hobby aka "Sam" was examined for health and soundness on 8/2/2024. He has a transverse scar across the back of his right front pastern and another scar across the lower side of his right hip. Neither scar is likely to create a lameness issue for the future. I examined him in a round pen walk/trot/canter both directions and did not observe any overt lameness. Flexion tests were not performed. His overall appearance is healthy.

If there are any questions please contact me at 931-580-1459.

Sincerely,

A handwritten signature in black ink, appearing to be "Amy Constantine", written over a horizontal line. The signature is stylized and cursive.
