Physical Exam

Specifics

Invoiced 504733

Outcome

Good general physical condition.
Normal heart, lung and abdominal sounds.
Eyes and ears within normal limits on gross exam.
No palpable scars or other indications of any past surgeries.
Normal passive range of motion in all joints.
No reaction to palpation over the top line.
No lameness noted when trotting on a 10m circle in both directions on a firm surface.
No reaction to flexion tests of the fetlock/pasterns of all four limbs, both hocks/stifles and the carpus of both front limbs.
No reaction to hoof tester pressure over all four hooves.
